

CAMP WEED SUMMER SESSIONS 2010

Camp Weed sessions are arranged by grade groups. The programs and activities are appropriately designed for the specific age range of each session. Campers may not attend sessions outside their own grade without specific approval by the Camp Director. At no time will a younger camper be allowed to attend an older session.

When you register online, you will be asked your current grade level. (School year 2009-2010) After entering the correct grade, you will be shown the camp sessions for which you may register. For your information, the entire summer schedule is listed below including the new Outpost and Adventure Camps.
